**CONTROL ELECTRIC**

# COMPANY PROFILE

As a leading supplier in the low voltage electrics industry, Shanghai Ebasee Electric Co., Ltd. products have been used for residential, commercial and industrial applications with its quality and service. EBASEE brand is recognized for its quality and reliability in an ever-increasing number of markets worldwide. So far EBASEE products have been approved by international labs including BV, TUV, Intertek, with KEMA, CB, SEMKO, RoHS, CE, and CCC etc.

With qualified raw materials and components supply, all products are manufactured by EBASEE's defined international specifications. We have 4 semi-auto production lines, up-to-date quality control facilities, well-trained and experienced workers. Moreover, with a technical R & D team and fully equipped in-house laboratory, EBASEE factory can carry out efficient new products development, daily production and QC.

EBASEE have a wide range of cooperations with world leading companies in new products development, OEM and ODM cooperation. Meanwhile, we process the idea of green and smart energy, working with universities such as Xi'an Jiao Tong University to get more intelligent and environmental electric solutions.

EBASEE focused on achieving growth through the success of worldwide partners. Guided by the philosophy of "market-oriented", powered by the idea of "Quick response and flexible supply", EBASEE support our worldwide partners to compete against established global players, to deliver the most systematic and cost-effective products and service in the market.

"Smart life, Green EBASEE"

Quality is our culture!

## PRODUCTION LINE

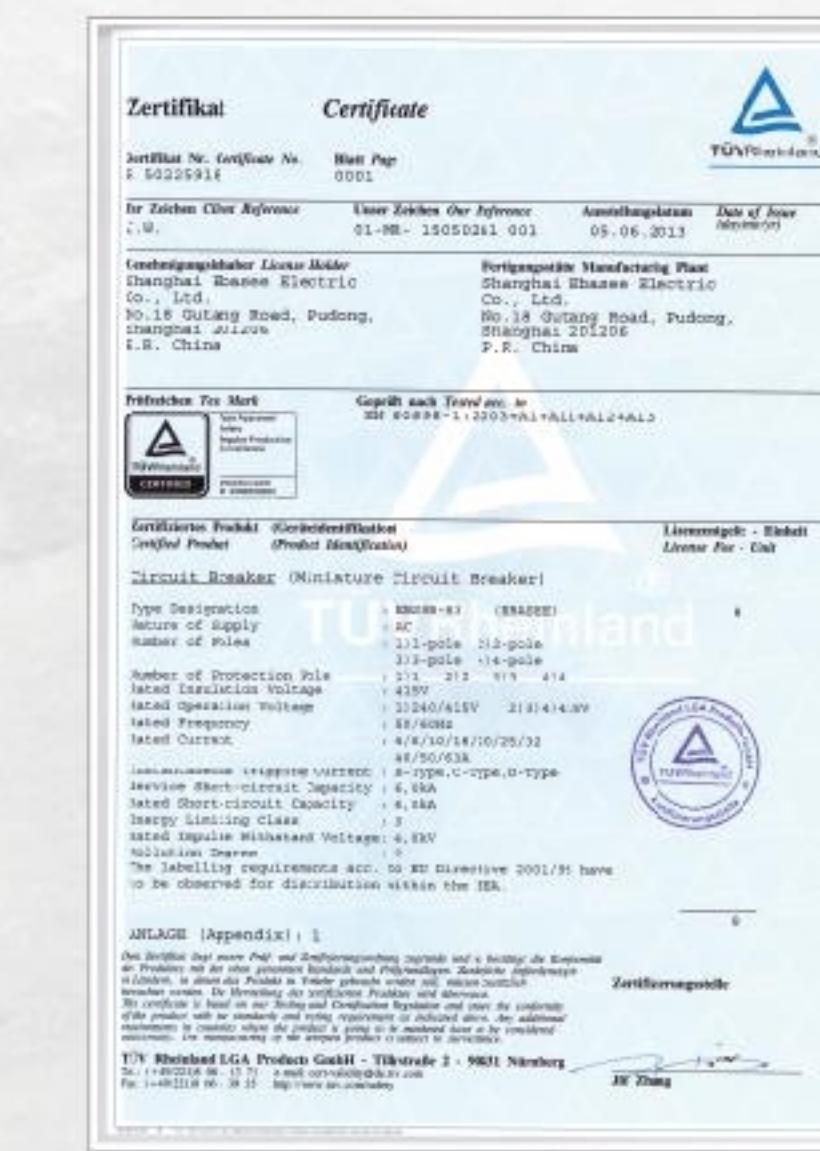

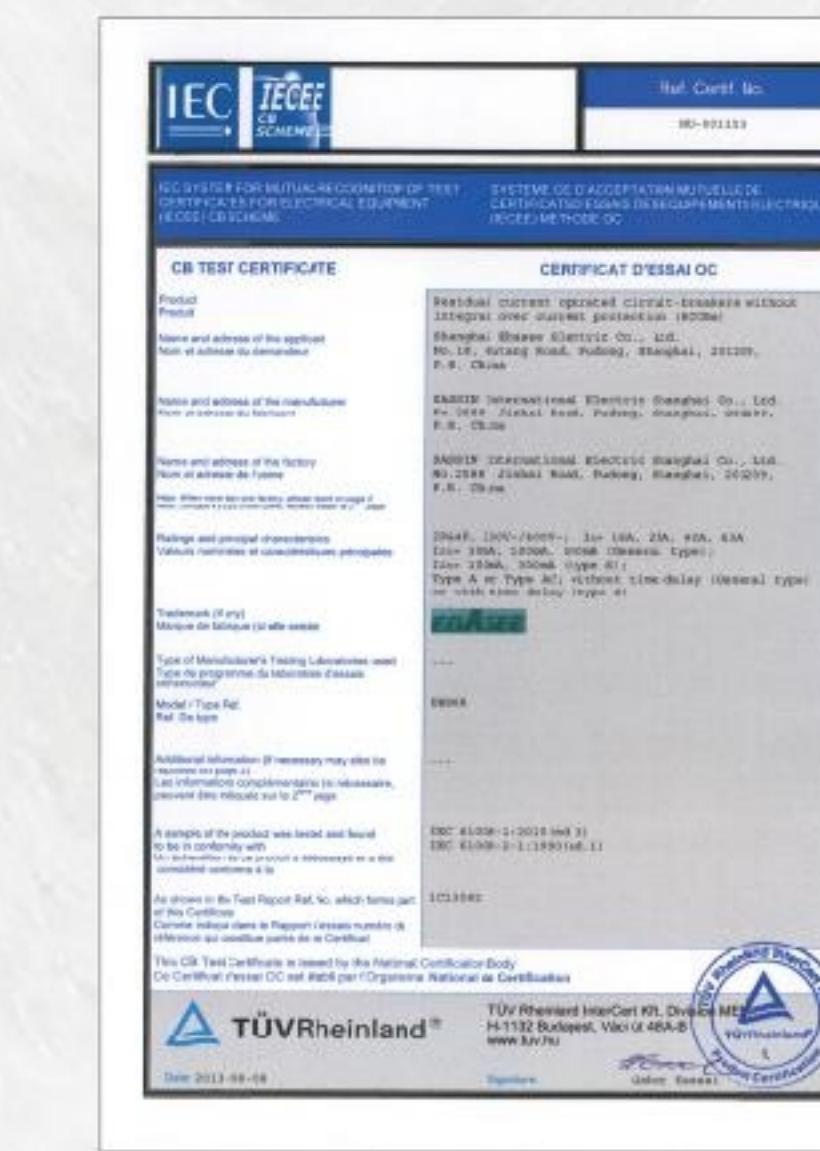

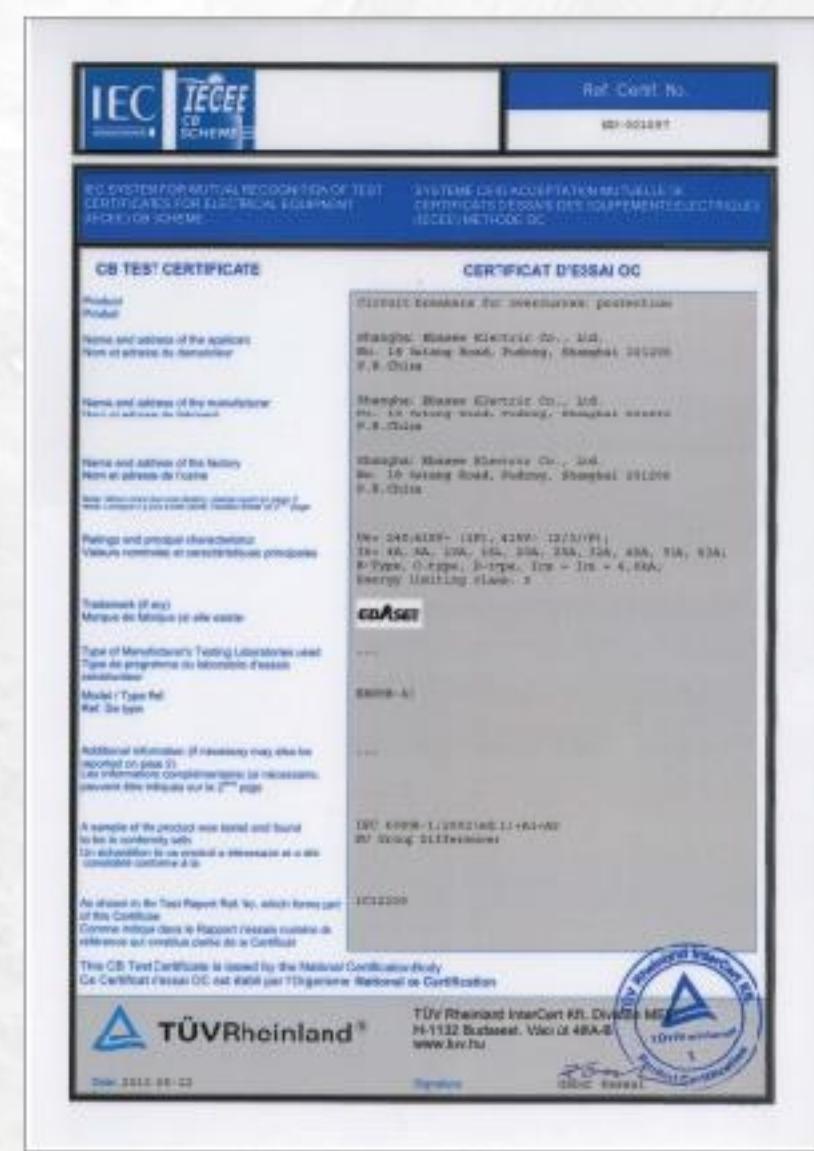

# SMART LIVING GREEN EBASEE

## INTERNATION QUALITY CERTIFICATE

EBASEE products have been approved by international labs including BV, TUV, Intertek, with KEMA, CB, SEMKO, RoHS, CE, and CCC etc.

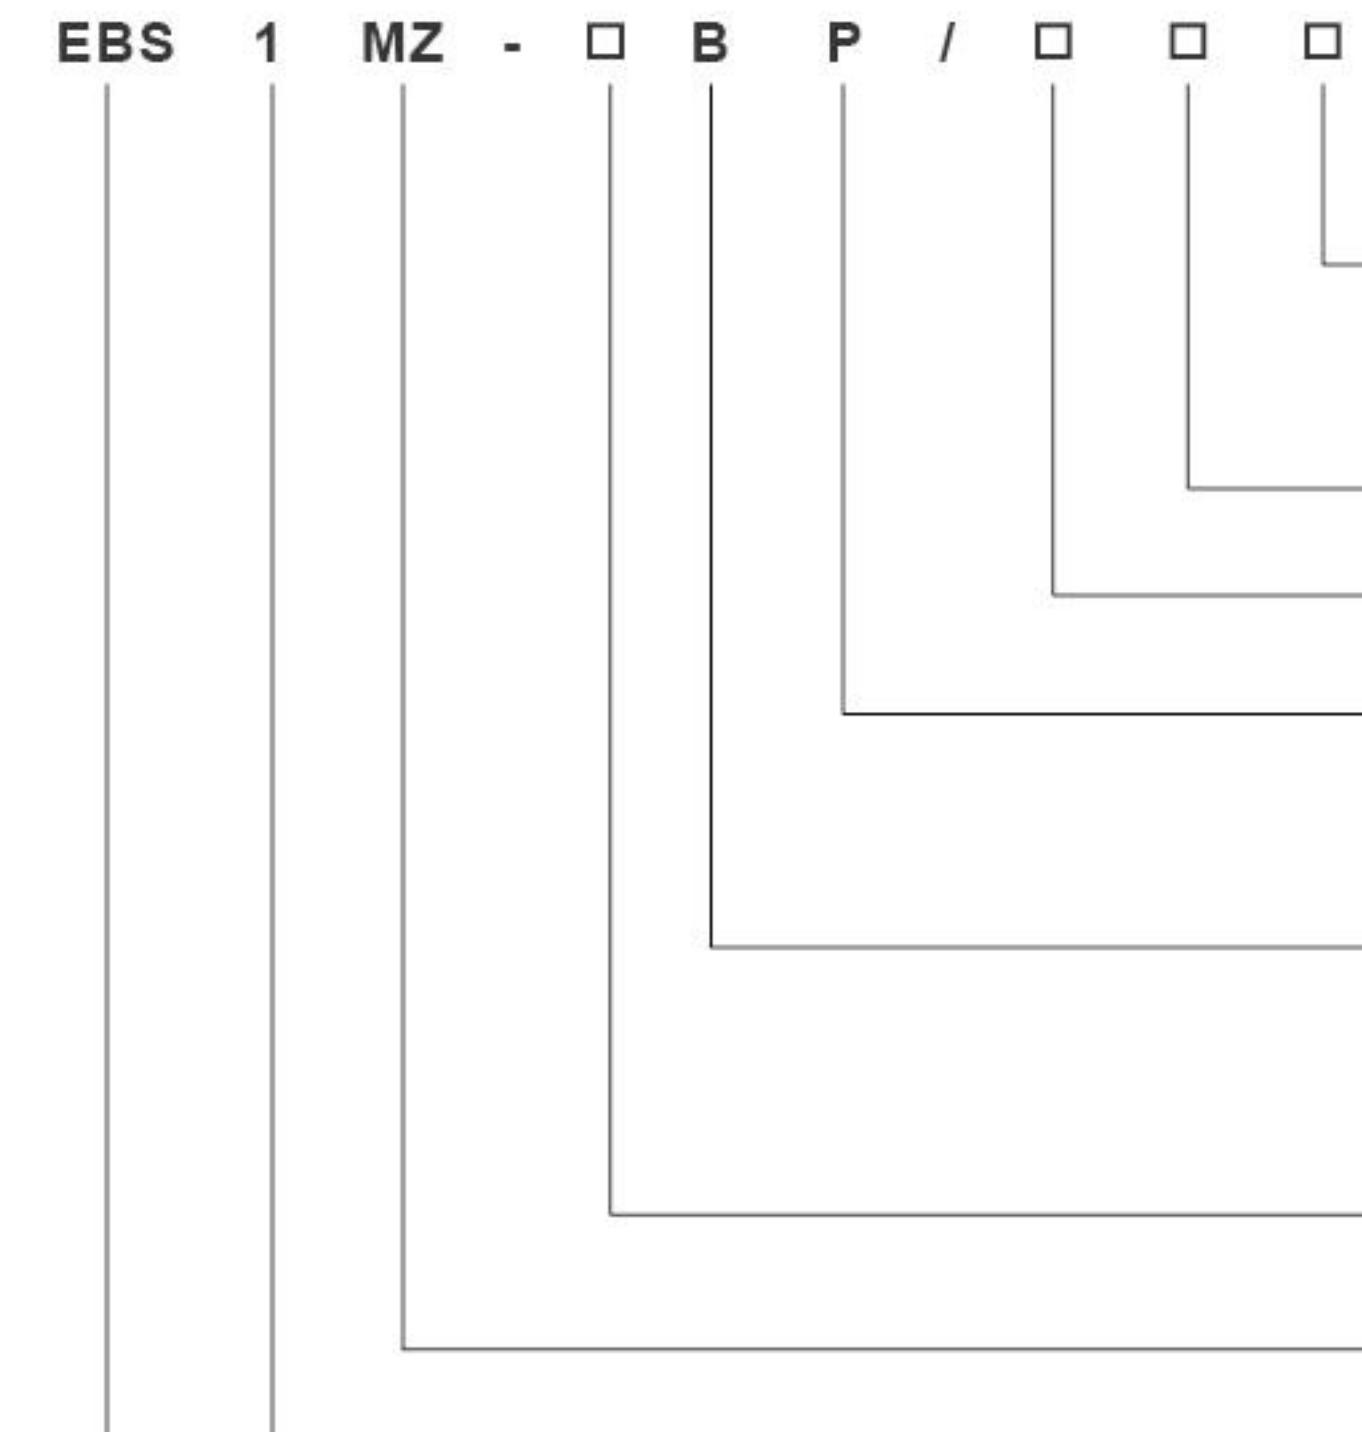

## 1.Function

- With solar filed development, the large capacity of solar photovoltaic power plant is also in rapid development.
- More demands of solar control and protection are picked up. Circuit breaker and isolator are used when the photovoltaic power exceed some level. To meet market request, EBASEE search EBS1MZ series which specially used in DC Photovoltaic.
- EBS1MZ DC circuit breaker, rated voltage can be up to DC1500V, current to 1250A
- EBS1MZ DC circuit breaker adopt inner connecting when voltage up to 750V or more, the wiring method is same as 2 poles one, that make more easy to installation.
- EBS1MZ series high performance complied with following standards:  
IEC 60947-1 GB14048.1  
IEC 60947-2 GB14048.2

## 2.Nomenclature

## 3.MCCB Accessories

Motor mechanism	Shunt release
Rated working voltage Ue	
110V AC	230V AC
230V AC	400V AC
24V DC	24V DC
110V DC	110V DC
220V DC	220V DC

## 4.Circuit Breaker Classification

Operation type	Wiring type	Protection type
<input type="checkbox"/> Direction operation by itself	<input type="checkbox"/> In front of board	<input type="checkbox"/> Circuit protection
<input type="checkbox"/> Motor operation mechanism	<input type="checkbox"/> Back of board	<input type="checkbox"/> Circuit isolation
<input type="checkbox"/> Handle operation	<input type="checkbox"/> Plug-in wiring	
		<input type="checkbox"/> Draw-out wiring (frame current ≥ 400A)

## 5.Circuit Breaker Specification

Model	EBS1MZ-100	EBS1MZ-225	EBS1MZ-400	EBS1MZ-630	EBS1MZ-800	EBS1MZ-1250					
Rated continuous current Inm	100	225	400	630	800	1250					
Rated current In (A)	16, 20, 25, 32, 40, 50, 63, 80, 100	100, 125, 140, 160, 180, 200, 225	250, 315, 350, 400	400, 500, 630	400, 500, 630, 700, 800	800, 1000, 1250					
Wiring											
2 "IN" 2 "OUT"											
Rated working volt Ue(V)DC											
500, 750, 1000, 1250, 1500											
Rated insulation volt Ui(V)											
1000, 1250, 1500											
Rated impulse withstand volt Uimp(V)											
8											
Test volt (1min) V											
3500, 4000											
Limited circuit breaking capacity (kA) Icu (Ics=75% Icu)											
25	20	15	10	25	20	20					
Mechanical life	Total times	7000									
Electrical life	Total times	2000									
Total breaking time(ms)											
20											
Installation position											
Any position											
Installation characteristic or not											
Yes											
Standard											
IEC60947-2, GB14048.2

Installation type											
Fixed, Plug-in											

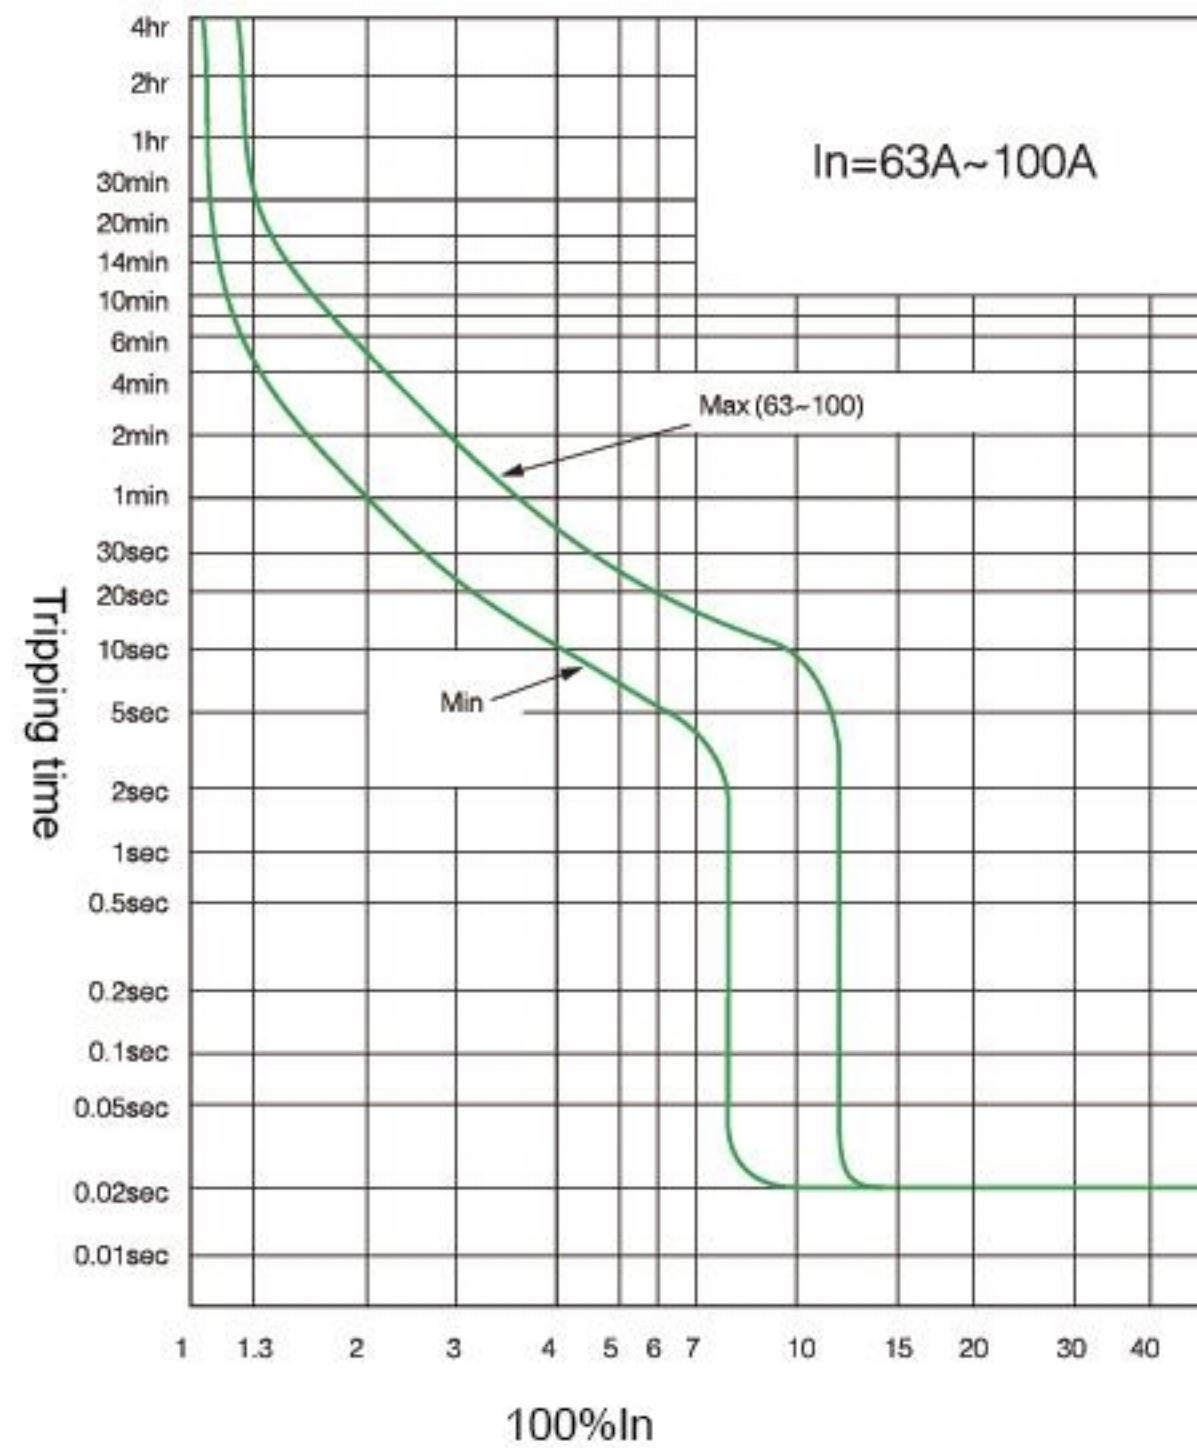

D

## 6. Application Environment

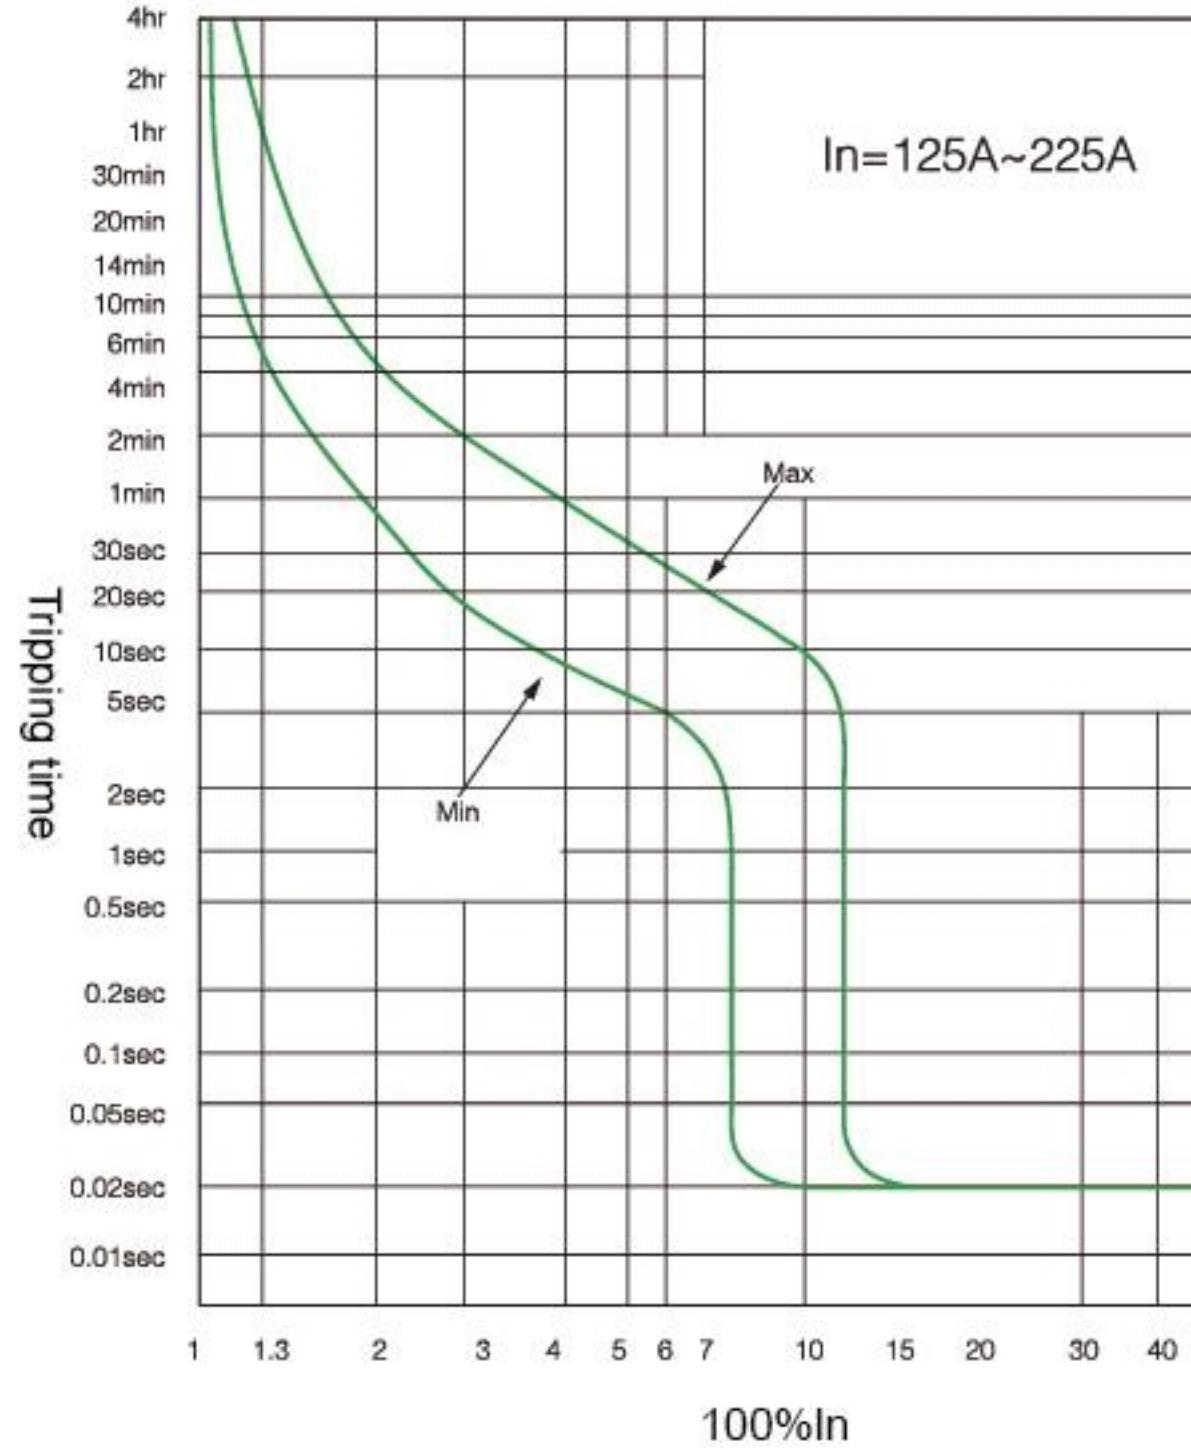

- Altitude: not exceed 2000m
- Not affected by smoke, oil or mist (III)
- Not influenced by moist air (III)
- Not affected by mould

## 7. Tripping Curve

## 9. Order Note

Following items should be marked when ordering	Ordering sample
Product name and model	To order EBS1MZ-225 DC MCCB, back board wiring, with handle
Frame current	operation mechanism, rated current is 225A, 3poles and wiring type:
Wiring code	In on the top out at the bottom, quantity is 100 pieces. should be
Accessories	marked:
Rated current	DC Molded Case Circuit Breaker EBS1MZ-225/BZ225/3P Y1,
Poles	100PCS.
Wiring type	
Quantity
