CONTROL ELECTRIC

COMPANY PROFILE

As a leading supplier in the low voltage electrics industry, Shanghai Ebbasee Electric Co., Ltd. products have been used for residential, commercial and industrial applications with its quality and service. EBASEE brand is recognized for its quality and reliability in an ever-increasing number of markets worldwide. So far EBASEE products have been approved by international labs including BV, TUV, Intertek, with KEMA, CB, SEMKO, RoHS, CE, and CCC etc.

With qualified raw materials and components supply, all products are manufactured by EBASEE's defined international specifications. We have 4 semi-auto production lines, up-to-date quality control facilities, well-trained and experienced workers. Moreover, with a technical R & D team and fully equipped in-house laboratory, EBASEE factory can carry out efficient new products development, daily production and QC.

EBASEE have a wide range of cooperations with world leading companies in new products development, OEM and ODM cooperation. Meanwhile, we process the idea of green and smart energy, working with universities such as Xi'an Jiao Tong University to get more intelligent and environmental electric solutions.

EBASEE focused on achieving growth through the success of worldwide partners. Guided by the philosophy of "market-oriented", powered by the idea of "Quick response and flexible supply", EBASEE support our worldwide partners to compete against established global players, to deliver the most systematic and cost-effective products and service in the market.

"Smart life, Green EBASEE"

Quality is our culture!

PRODUCTION LINE

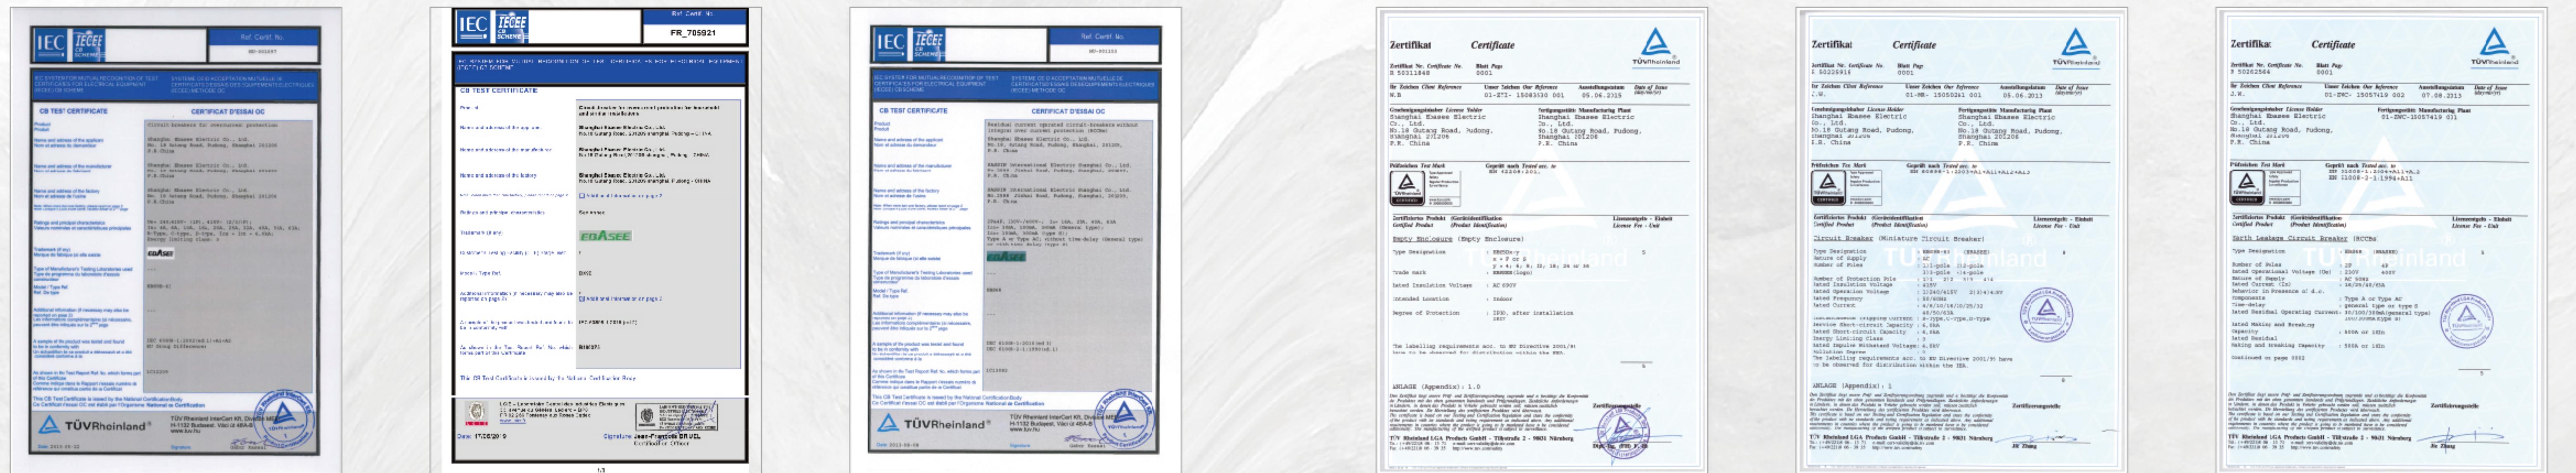

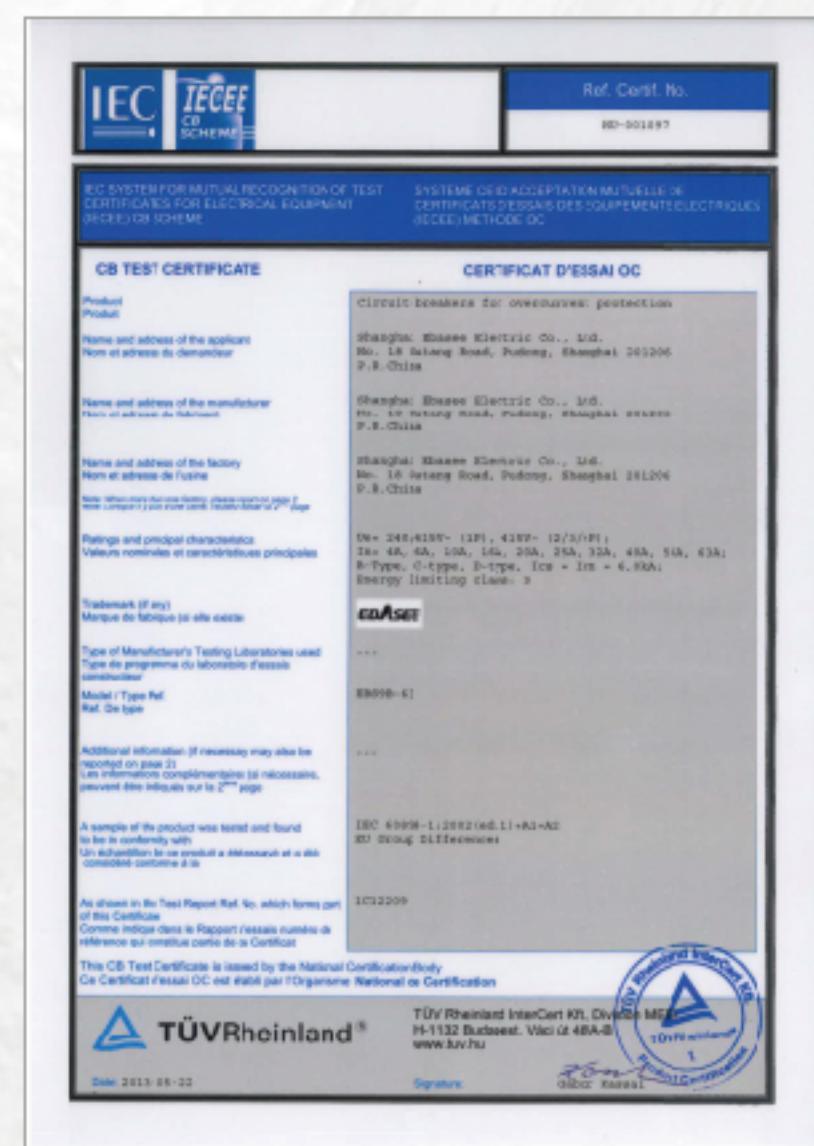

SMART LIVING GREEN EBASEE

INTERNATION QUALITY CERTIFICATE

Ebasee products have been approved by international labs including BV, TUV, Intertek, with KEMA, CB, SEMKO, RoHS, CE, and CCC etc.

1.General

"This fuse series apply to AC 50Hz,rated voltage to 1140V and rate current to 1250A. It is mainly used for overload and short circuit protection" in electrical devices. It can break any current during the minimum melting current to 120kA reliably. and also be derived for semiconductor devices Its complete sets of equipment of short circuit protection (aR) and motor short circuit protection (aM). This series fuse conforms to IEC60269.

2.Application

This series of fuse bases are used in AC 50Hz,rated voltage up to 690V, rated current up to 1250A and is equipped with fuses for protecting from overload and short-circuit in electric circuit.

3.Structure feature

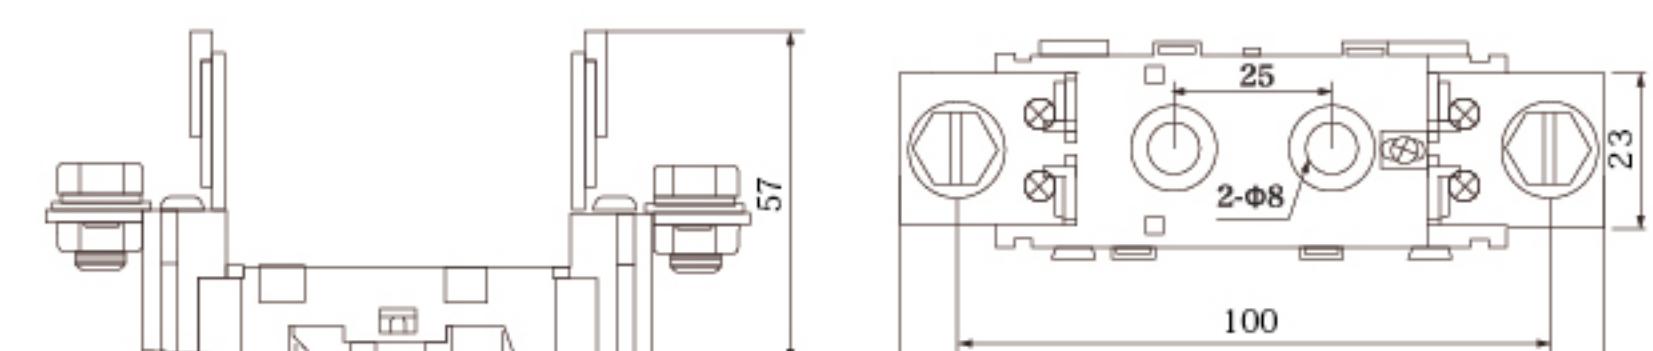

The base adopts high strength ceramic and possesses well enough insulation performance.The open structure is featured with good heat radiating,high mechanical density and simple operation.The outline structure and installation dimension conform to IEC60269,VDE0636 and GB13539.

4.Specifications

4.1.Basic Data

NO.	Model base	Model,size and specification of applicable fuse link	Rated voltage(v)	Rated current(A)	Weight (g)	See figure	Overall dimension (mm)
0401	NH00	NT00 NT00C (RT16-00 RT16-000 NH00)	690	160	110	2.1	Refer to drawing 2.1 for detailed data

5.Order Note

Following items should be marked when ordering

Product name and model
Rated current
Setting current range
Quantity

Ordering sample

To order EBS1TR-F thermal relay, rated current is 25A, setting current range is 18A, quantity is 1000 pieces, should be marked:
Thermal relay EBS1TR-F-25/18 1000pcs
